AGENDA ITEM 18-30 PUBLIC COMMENTS

There were no public comments.

AGENDA ITEM: 18-31 TECHNICAL EATS PRESENTATION

Dr. Keiser gave an overview of the Technical Eats project including introducing the people responsible for bringing it to fruition. She noted that students spent the majority of the school year converting a retired Albemarle County school bus into a food bus. This venture allowed students to practice their craft, learn all aspects of running a business, and explore various ways to engage with the community. Students from all programs areas contributed in some way to the bus – specifically Auto Body, Auto Tech, Building Trades, and Electrical students. Dr. Keiser gave

details about the work that was done. She gave credit to Valley Career and Technical Center who assisted with building the generator rack on the back of the bus. Culinary and Cosmetology students participated, with the bus, in the Dogwood Festival parade. Culinary students showcased the bus at the TomTom Festival and took the bus to both City and County schools to sponsor Teacher Appreciation events. Dr. Keiser acknowledged the local business and community partners who helped make it possible:

- Jim Foley and Lewis Jordan – Albemarle County Transportation
- Shannon Foundation for the \$5,000 grant
- Lowe's/SkillsUSA (and Mr. Alan Levine) for the \$25,000 grant
- Mr. Francis Hunt, Charlottesville Automotive Refinishing Supply, contributed the exterior bus paint
- Mr. Ed Brown, Frontrunner Signs, applied the graphics to the bus at a significant reduction
- Ms. Elizabeth McMartin, EJ Communications, designed the logo and artwork for the wrap

Dr. Keiser recognized the staff members, and students, who contributed their time, effort, and talent outside of normal operational hours to bring this endeavor to completion:

- Ron Moore, Auto Body instructor
- Jim Charbonnet, Auto Tech instructor
- Sid Trimmer, Building Trades/Electrical instructor
- Patrick Maranuk, Culinary Arts instructor
- Tom Goss, Culinary Arts instructor
- Megan Panek, English instructor
- Krystle Kogami, Teaching Assistant
- Shannon Tomlin, Project Manager

Several students and staff members reflected on the experience of working on this project.

AGENDA ITEM: 18-32 CTE SCHOOL TO WORK SIGNING EVENT

Dr. Keiser stated that CATEC's first annual CTE School to Work Signing Event is a celebration of students who have chosen to maximize their high school opportunities for career training and industry certifications. They set their sights on becoming successful and financially independent early in their professional career. This event recognizes their hard work and the value of career preparation training through CATEC and the local business partners. These students are not only paid employees, but they are also receiving credit for hours spent on the job training which will be credited towards apprenticeship requirements reducing the number of years required to complete student apprenticeship programs. CATEC students spend part of their time at CATEC immersed in their job, utilizing learned skills and gaining real-world experience. Each of the businesses represented support students in numerous ways including financial compensation, mentoring, training with the goal of closing the skills gap in skilled trades, and ensuring that students are prepared with the skills needed to successfully enter the work force. She also recognized these students' parents who have made the commitment for their child to participate in these opportunities as they transition from school to work.

Students and employers who participated in the event:

First Name	Last Name	Base School	Business	CATEC Program	WBL Method
Cody	Rhodes	MHS	Malloy Ford	Auto Body	Internship
Eric	Gachuhi	AHS	Jim Price Chevrolet	Auto Technology	Youth Registered Apprenticeship
Ryan	Gaudreault	AHS	Piedmont Power	Auto Technology	Internship
Liam	Bibb	AHS	Mark Bibb Property	Building Trades	Youth Registered Apprenticeship
Adrian	Rosas	MHS	Design Electric	Building Trades	Youth Registered Apprenticeship
Thomas	Wood	AHS	Alexander Nicholson	Building Trades	Internship
Tamon	Smith	CHS	Blue Hill Building	Building Trades	Youth Registered Apprenticeship
